

MAYSVILLE, KENTUCKY, FRIDAY, JULY 17, 1914.

ONE COPY—ONE CENT.

A boat and a beach and a summer resort,  
A man and a maid and a moon;  
Soft and sweet nothings, and then at the real  
Psychological moment a spoon.  
A whisper, a promise, and summer is o'er,  
And they part in hysteric despair—  
(But neither returns in the following June,  
For fear that the other is there.)

## STATISTICS OF FATALITIES

The Interstate Commerce commission tells us that during the fiscal year ending June 30, 1914, there was a reduction of 814 in the number of persons killed by American railroads. Those killed, including passengers, employees of all classes and trespassers, numbered 10,156.

## FEDERAL LEAGUE WINS BIG VICTORY.

(Chicago, July 16.—The Federal League scored its first big legal victory in its war on organized baseball today when the appellate court held the ten-day clause in the ball players' contract "null and void."

## "GOBS OF LOYALTY IN OLD MAYSVILLE"

(Portsmouth Times.) They have some pretty game sports down in the little hillside town called Maysville. They are a yard wide and true blue.

In one day a soliciting committee raised \$600 for the ball club. Yes, Maysville will retain its franchise in the Ohio State league. Ironton may hoist the white flag and quit cold, but Maysville, no never. The fans there have learned to like organized baseball and the gentlemanly players in the Ohio State League. Hats are off to Maysville. It may be the smallest town in the league in souls, but not in loyalty. And the soliciting committee says it will raise \$1,000 before it completes its labors. This sum will insure baseball in Maysville for the rest of the season.

## BUILD YOUR HOUSE NOW!

## A OASE CALLING FOR SYMPATHY AND ASSISTANCE.

One of the fourteen months-old twins of Mr. and Mrs. John D. Kidd, passed away yesterday afternoon at their home on Carmel street. Burial in Fleming County.

These twins are rather a peculiar case. The babies in the children's bodies had never hardened. A short time ago arrangements were made to place them in a Cincinnati hospital for treatment. For some reason it failed to materialize. Here is an opportunity to do good work.

## SCHOOL PER CAPITA \$4.50

This Year—An Increase of 50 Cents Over Last Year and the Highest on Record in Kentucky.

Frankfort, Ky., July 16.—The highest per capita apportionment of the State school fund ever made was declared today by State Superintendent Barksdale Hamlett for the school year 1914-1915.

The per capita will be \$4.50 for each of the 730,000 pupils in the State.

All this money goes for the payment of teachers. It is an increase of fifty cents over last year and ten cents higher than it ever was before.

As there are 3,256 school children in Mason County this means that our schools will receive \$1,628 more from the State fund this year than last. The per capita is based on school revenues amounting to \$3,061,541.

## SIX MONTHS OF FREE-TRADE FAILURES.

Bradstreet's of July 1 notes that failures for the first half of 1914 number 7,745, a total 8.4 per cent. greater than in 1913, with aggregate liabilities of \$149,909,754, a sum 31 per cent. larger than a year ago. The same paper states that "the liabilities totals include estimates of the direct but not of the contingent indebtedness of the H. B. Claffin Co." From this it would seem that the gross sum of liabilities for the first six months of 1914 must be increased to close upon \$178,000,000, for out of the \$34,000,000 liabilities of the Claffin concern only \$6,000,000 are "direct" while 28,000,000 are "contingent" in the sense that they represent that amount of notes made by customers and indorsed and discounted by the Claffin concern, and if not paid by the makers are a charge against the assets of the indorser. So it turns out that Free-Trade depression has a much greater damage to answer for than appears on the face of the returns.

## WHITHER ARE WE DRIFTING?

Every intelligent observer of human affairs knows that the United States is in a period of transition. Notable political and economic changes are in progress. The fact is, the country has been growing and its people learning. There has never been an age when so much time and thought have been devoted to studying the problems of humanity and when so much light has been shed upon them. The amount of paper required by our magazines and newspapers has increased 150 per cent. since 1900. The people are awake and are demanding sanity and honesty in all that concerns them. Another Rockefeller or Carnegie will be impossible in this country. Millions will become more scarce. Tammany Hall is losing its power, and political bosses and hide-bound partisanship are fast disappearing. But the demand for honest and intelligent service in all departments of life is increasing and is sure of prompt recognition and adequate reward. No political party need hope for success which does not realize these truths and put them into practice.—Scioto Gazette.

## THE "THIRD DEGREE"

A bill has passed the Georgia Senate making it "lawful to use 'third degree' methods for the purpose of extorting statements from prisoners. Similar laws are on the statute books of a number of States. The Kentucky Legislature passed such bill several years ago. The "third degree" should not be tolerated anywhere. It smacks too much of barbaric ages and it is repugnant to the American sense of justice. It has been applied in many instances to force a confession from persons accused of crime. There is neither law nor excuse for such a procedure. Every person charged with an offense against the law is entitled to a fair trial, no part of the duty of policemen and deputies to convict a man after he has been arrested. An attempt to extort a confession by rough and brutal treatment is reprehensible in the highest degree. Courts of justice have been established for the trial of criminals and persons charged with infractions of the criminal laws. The courts are the proper place for the examination and cross-examination of prisoners. Statements and confessions should be made in court or to court officials. There is no reason for an arresting officer to usurp the prerogatives of Judge, jury and prosecutor. Under ordinary circumstances there is no reason why a prisoner should be intimidated or mistreated. "Third degree" methods do not facilitate justice. Statements obtained in that way are not to be relied upon. There should be no place for such a system in a civilized country.—Courier-Journal.

It has been said that a cat has nine lives. However that may be, the Free-Trade party has only one accidental life, and a short one at that. Short as it is, it is too long for the good of the workers in the United States.

## FROM A DOLLAR TO A NICKEL.

The past theatrical season was the worst for many years. The baseball season is going to be a very poor one, financially. The summer business is going to be a failure. Well, when millions are out of work when other millions are full of anxiety, when the necessities of life are so hard to get, then recreation and amusement must be affected in full measure. We are taking our enjoyments today, not in dollars' worth, but on a nickel basis.

## RESTORATION OF SUGAR TARIFF.

Both political and economical reasons are offered in explanation of the rumored restoration of the sugar tariff. That it was an economic blunder to cripple a great and growing home industry and turn its trade over to a foreign monopoly was sure to be realized sooner or later, and an agitation for its correction was to be expected. The political effect of killing an industry well established in a dozen states will be sharply demonstrated to the party responsible for such a move.—Anburn (N. Y.) News.

## CLASS LEGISLATION.

For the first time in the history of this generation, at least, the Democratic party has come out flatly for the enforcement of the law against the masses of the people, but for the non-enforcement of the law against a few favored classes.

In connection with the Democratic bill for the amendment of the anti-trust laws, a special exemption is made of a few favored classes. If a group of non-union workers in a dry goods store, in a mill, in a great factory or foundry, for example combine to hurt the public, to reap extortionate prices at the expense of the public, to deprive the public of the actual necessities of life, those offenders may be punished. If business men attempt the same thing, they shall be punished. If any class of Americans wage earners, capitalists, whatever they may be, attempt such extortion, they may be punished. But if these offenders belong to a labor union, or to an organization of farmers, they shall not be punished, in any way.

Of course this is "class legislation" of the boldest type. It is outrageous discrimination against the great body of the American people. No matter what the crime says this proposed amendment, no matter how outrageous the methods employed, no matter to what despotic resorts the organizations may go, the law shall not be used against such organizations. They are to have carte blanche to combine and to conspire against the people of the United States, and the courts are absolutely forbidden either to enjoin them from the commission of crimes, of violence, or to punish them for crimes committed.

The motto of the Democratic party is: "One law for the common people, another law for organizations which control votes."—Boston Advertiser.

THE PLURAL VOTER.

Senator LaFollette, proposer of certain frank confessions in "high finance," said to a reporter: "Candid, at any rate isn't it? In fact, it's all so very candid that it reminds me of Uncle Wash White." "Uncle Wash had been a servant in the Carroll family for many years, and so, when young Charlie Carroll ran for Congress, he naturally expected the old man to support him. Charlie was a good deal disappointed, therefore, when the day after his defeat, he heard that Wash had voted against him. "He sent for the old man. " 'Uncle Wash,' he said, 'is it true that you voted against me yesterday?' " 'Vas, Mars' Charlie; I done voted de Republican ticket,' Uncle Wash admitted. " 'Well,' said the defeated candidate 'I like frankness, anyhow; so here's a dollar for your candor.' " 'Uncle Wash pounced the dollar. Then he scratched his head, chuckled and said: " 'Mars' Charles, if you's buyin' candor, you owes me fo' dollars mo', 'kase I voted again ye five times.' "

## FARMERS AND THE PARCEL POST

The farmers are not making the best use possible of the parcel post. That is a recognized fact. They are getting enormous numbers of packages from the cities, but they are not selling by mail. Probably they will do more of this as time goes by. They are not prone to jump into new things very rapidly. Many of them have not as yet thought of making use of the new system of marketing. Some, however, are advertising in city papers, and no doubt are building up connections which will be good for them and for city people.

## FEED TUMMY, THEN BRAIN

Berlin.—The school authorities of Berlin have ordered that commencing the fall term children in the lower Grammar grades shall be weighed and measured every six months to carefully note their physical development. Should it be found that poor children are not receiving the proper nourishment for normal increase in growth and weight, this is to be remedied by providing them with breakfast and luncheon in the schools at the expense of the city. The authorities have found it difficult to obtain knowledge into a brain when the little "tummy" that feeds the brain with blood, is empty. Also that big heads and weak bodies make a poor combination for the future of the nation.

## COLDS AFFECT THE KIDNEYS

Many Maysville People Have Found This to Be True.

Are you wretched in bad weather? Does every cold settle on your kidneys? Back your back ache and become weak? Are urinary passages irregular and distressing? These symptoms are cause to suspect kidney weakness. Weakened kidneys need quick help. Dan's Kidney Pills are especially prepared for weakened kidneys. Careful people recommend them. A. Sorries, Locksmith, Aberdeen, O., says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten. Colds always settled on my kidneys. I used Dan's Kidney Pills and they stopped the trouble and my kidneys became strong."

The above is not an isolated case. Mr. Sorries is only one of many in this vicinity who have gratefully endorsed Dan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Dan's Kidney Pills, the same that Mr. Sorries had. 50c all stores. # COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

It is true that when a man dies he can't take any of it with him, but he had it while he was here.

George Washington and Abraham Lincoln are highly spoken of, but nearly everybody else is severely criticized.

HOPKINSVILLE CREAMERY IS BURNED.

Hopkinsville, Ky.—The wholesale poultry, creamery and ice cream plant of the Fox Bros. Company, a branch of the Peter Fox Sons Company of Chicago, was totally destroyed by fire here. The loss is in the neighborhood of \$40,000, and it is not known tonight how much insurance was carried.

Olympian Springs has gone into the hands of a Receiver.

The individual drinking bucket for horses is now in use at Cincinnati.

A receiver for the United States Light and Heating Company, a \$17,500,000 corporation, was granted at Buffalo, N. Y.

A third plague death in New Orleans has started a thorough investigation to determine a possible new source of the disease.

Jap Wilhite, 50, watchman on the Government snagboat, Kentucky, was drowned in the Kentucky River at Boonesboro.

Dr. Harvey Wiley was elected president of the Month Hygiene Association at its concluding session in Rochester, New York.

President Wilson is planning further conferences with business men, S. R. Barton, New York banker, being next on the list.

Money for the purchase of several post office sites in Kentucky is included in the General Deficiency Bill reported to the House.

Secretary of the Navy Daniels delivered an address on naval officers as diplomats at the opening of the War College at Newport, R. I.

Richard P. Croker will return to New York from Ireland next September and seek to oust Charles P. Murphy from the leadership of Tammany.

The mystic lay monk, Gregory Rasputin, said to be the real power behind the Russian throne, was stabbed by a woman at his native village, Pskorsky.

Simone Cinotti, a peasant in the village of Comerio, Cornello, killed seven persons, presumably to satisfy old grudges, and fled to the mountains.

Anti-saloon forces presented to Gov. Stuart, at Virginia, a petition bearing 69,336 names, asking for a State election on the question of State-wide prohibition.

In order to protect Americans in Haiti and San Domingo the Navy Department ordered 700 marines assembled at Guantanamo, to be held in readiness in case of threatened outbreaks.

The "wets" in the local option contest were circulating Tuesday a petition for an election September 28 "in the city of Lexington." The petition of the "drys" provides for a vote under the county unit law in both city and county.

The school to teach the rich generousity should also have a department devoted to teaching the poor gratitude.

### HOW MUCH THE AVERAGE FARMER IS WORTH.

(Farm and Fireside.)  
The average farmer in the United States, according to government figures, tills a farm of 138 acres and has an average investment of \$6,443. Of this investment his buildings represent \$994; his implements and machinery, \$199. There is an average mortgage on this average farm of \$1,715, bearing an average interest of six per cent. His gross income is \$980.55, and out of this he pays an average expense account of \$410.15. His interest on the mortgage averages \$102.50, so that his income after all charges are deducted is \$537.50. On this he must live, educate his family, and have fun."

A most enjoyable occasion was the party given by Miss Harriett E. Rahus last Saturday morning from 9 to 12 at her home on Riverview Terrace. She was ably assisted in dispensing hospitality by her sister, Miss Mildred. About twenty maidens gathered to enjoy the game 500, the prize for which was won by Miss Eleanor Wood.

The color scheme, green and white, was also carried out in the refreshments, the cream being served in the form of a June fly, and the cakes with green and white decorations.

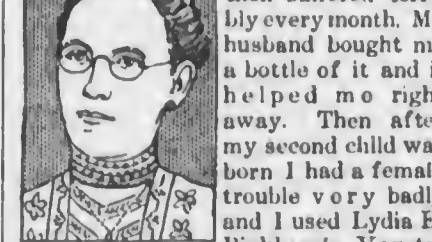

At the close a contest afforded much amusement; each one choosing a daisy from a vase which was passed around—the fortunate contestant being Miss Margarette Pogue, who was given a tiny deck of cards. The merry maidens departed thanking the fair hostess for the pleasant hours, it being an occasion long to be remembered.

An old man looks for comfort, a young one for excitement.  
Nothing is more repulsive than vice under the light of day. The friendly cover of night is needed to make vice attractive.

### MRS. BEIDEL TELLS WOMEN

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. My husband bought me a bottle of it and it helped me right away. Then after my second child was born I had a female trouble very badly and I used Lydia E. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—Mrs. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidentially) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
